Sohail Razzaq

BSCS Student | C++ & Python | OOP, DSA, and Network Security
Enthusiast
Islamabad, Islāmābād, Pakistan

Summary

Computer Science student passionate about Software Development and Cybersecurity. I enjoy building practical projects, sharpening my problem-solving skills, and understanding how systems work from the ground up from logic circuits to code. Currently working with C++, Python, and Object Oriented Programming, and gaining hands-on experience through an internship focused on network analysis using Scapy. Continuously learning about data structures, algorithms, and system design. Focused on growth, consistency, and building real-world skills.

Experience

FlyRank AI
Front-end AI engineering Intern
July 2026 - Present (2 months)
Islamabad

Education

Air University
Bachelor of Computer Science, Computer Science · (September 2025 - July 2029)

Punjab Group Of Colleges
Intermediate in Computer Sciences, Computer Science · (August 2023 - August 2025)
